## **Item 8.01 Other Events**

On May 14, 2025, the Board of Directors of Curtiss-Wright Corporation (the “Company”) authorized the Company to repurchase up to an additional \$400 million of its common stock. The total available authorization is \$534 million, including \$134 million of remaining availability under the Company's previously announced share repurchase authorizations.

Share repurchases may be made through a variety of methods, which could include open market purchases, accelerated share repurchase transactions, negotiated block transactions, 10b5-1 plans, other transactions that may be structured through investment banking institutions or privately negotiated, or a combination of the foregoing. The repurchase authorization does not have an expiration date and may be amended, discontinued, or terminated by the Company's Board of Directors at any time without prior notice. The timing, price, and volume of share repurchases will depend on market conditions, relevant securities laws, and corporate, tax, regulatory and other relevant considerations. The Company presently expects to repurchase outstanding shares from time to time to offset the dilutive impact of employee equity-based compensation plans, but the Company also may make discretionary, opportunistic share repurchases.

On May 14, 2025, the Company issued a press release announcing the above-described transaction. A copy of the press release is furnished with this Current Report on Form 8-K as Exhibit 99.1 and incorporated into this Item 8.01 by reference.
